WORK EXPERIENCE

Robert Half

External Controller

Charlotte, North Carolina

March 2025 – Present

- Provide external accounting and business intelligence services for higher education clients. Work performed included developing a reporting dashboard for conducting financial analysis, creating modernized methods of preparing financial statements, developing reports on investment activity and measuring return on investment, and developing other dashboards.
- Selected Accomplishments/Projects:
 - Provided external accounting services and built financial analysis dashboards for Catawba College. This work resulted in providing financial reports to the college's Board of Directors and providing new dashboards for interpreting financial information and providing actionable information.
 - Developed data input process for the Augusta University Foundation's fundraising software and uploaded financial information for the 2025 fiscal year. The project included inputting pertinent financial data, developing customized reports, and creating processes for reviewing data within the software with information provided by the client's trial balance and investment statements. This was a project I solely developed and executed.

Spokane Colleges***Fiscal Services Accounting Manager*****Spokane, Washington**

December 2022 – December 2024

- Directly supervises the daily duties of the accounting department for the District Office of the Community Colleges of Spokane as well as the two community colleges under its supervision, Spokane Community College and Spokane Falls Community College. Responsible for overseeing the financial operating and reporting functions for banking, treasury services, accounts receivable, investments, daily general ledger journal processing, and financial reporting. Oversees transactions from the finance, student financial, asset management, payroll, and grants and contracts workstreams consistent with state and federal laws, Washington Administrative Code, District Policies and Procedures, and GAAP.
- Selected Accomplishments/Projects:
 - Developed and implemented internal procedures with respect to treasury management, financial reporting, and performance measurement which resulted in greater compliance with Washington State auditing standards and more efficient performance.
 - Lead the establishment of and monitoring of fiscal recordkeeping systems which resulted in greater overall quality of journal entries prepared by the District Office.
 - Developed investment performance program to track organization investment accounts. Based on rebalancing of accounts using the program, investment earnings increased by 102.75% and investment yield increased by 206.75% over a one-year period.
 - Developed an account monitoring system to track changes in assets, liabilities, revenues, and expenses each month over a three-year period. This resulted in greater visibility of activity and timeliness in investigating transactions.

Transitions-Spokane***Chief Financial Officer*****Spokane, Washington**

October 2021 – November 2022

- Under the direction of the Executive Director, this position is responsible for all aspects of financial management, information technology infrastructure, and related functions of Transitions, a not-for-profit organization with \$6.5M in unrestricted and restricted funds.
- Selected Accomplishments/Projects:
 - Led management team to outperform FY2021 budgeted net profit by \$626K.
 - Led implementation of organizational asset tracking system. This allowed Transitions to list its assets on a database system for better tracking and accountability.
 - Led transformation of cloud-based administrative work from legacy paper-based administration. This change resulted in greater reliability of file storage, more available space, and lower costs associated with file storage.
 - Served as primary facilitator of the Strategic Planning Initiative Team for the organization. This group is responsible for implementing the 2022-2024 strategic plan of the organization which includes initiatives to improve performance measurement, information technology, housing, wellness, and behavioral health.
 - Awarded Transitions Be-Leaf Project Award – November 2021 and April 2022.
- Financial Reporting and Planning: Plans develops, organizes, implements, directs, and evaluates the organization's fiscal function and performance. Provides strategic financial input and leadership on decision-making issues affecting the organization. Provides information to assure efficient cash flow for all programs. Identifies financial variances and notifies all appropriate parties through variance reports. Oversees decisions on insurance coverage for protection against property losses and liabilities.
- Budgeting: Prepares and presents Board and Finance Committee reports that summarize and forecast Transitions financial position in areas of income and expenses based on past, present and expected operations. Directs and coordinates preparation and establishment of both program and agency wide budgets in consultation with Program and Development Directors.
- Audit and Review: Responsible for design and implementation of financial controls. Arranges for

audits of company, prepares books for audit, works directly with the auditor, and acquires bids for needed external audit and tax services. Reviews budgets, quarterly reports, tax returns, and audits for LIHTC, LLC and provides input on financial issues relating to LIHTC. Coordinates month-end and year-end closing processes.

- Treasury: Responsible for bank account reconciliation and online bank account transactions.
- Supervisory: Participates in the Management Team and the Board of Directors and acts as an effective developer of solutions to business challenges. Provides technical financial advice and supervision of bookkeeping staff and provides knowledge to others within the financial discipline.
- Grants and Sponsored Programs: Management of grants funds including monthly grant billing assuring full spending on each and reporting as needed. Prepares budgets for applications on public and private grants.
- Payroll: Oversees payroll operations and quarterly payroll reporting and any investment accounts.
- Human Resources: Oversees decisions about all employee benefits, manages retirement plans, L&I, unemployment insurance, payroll, and assists in decision making regarding salary scales.
- Information Technology: Identified and led implementation of multiple process improvements including integration of current systems, launching more efficient processes, and increasing scale of current technological platforms.
- Board Relations: Serves on and reports to the Finance Committee and Facilities Committee. Reports on financial, technological, and operational affairs to the organization's Board of Directors.
