Work Experience

Consultant

Jey Rico | Remote

March 2016 to Present

- Successfully operated as an independent consultant for nearly a decade, demonstrating adaptability, self-management, and sustained client trust across industries.
- Managed and executed diverse projects in courier services, labor support, and translation/interpreting, applying project management principles to oversee full life cycles from planning to delivery.
- Delivered multilingual technical and business services that maintained 99% client satisfaction and drove repeat business year over year.
- Handled all operational aspects including client communication, scheduling, and financial management, strengthening organizational, leadership, and decision-making skills.
- Advised clients across multiple industries, implementing tailored solutions that improved efficiency by 20% and streamlined processes.
- Identified operational bottlenecks and deployed process improvements, elevating customer satisfaction ratings by 15%.

Multilingual Project Analyst

Stefanini | Remote

September 2022 to January 2026

- Assisted the Project Manager in overseeing day-to-day operations, ensuring smooth workflow and timely project completion.
- Served as the sole Senior Project Technician while apprenticing as a Team Leader, guiding Technicians in troubleshooting and resolving technical issues.
- Optimized call routing and support queue management, cutting average waiting times by 30% and improving overall response efficiency.
- Resolved an average of 50 tickets weekly across MAC, Windows OS, iOS, networking, and server issues, achieving a customer satisfaction rating of 99%.
- On-boarded and mentored 10 new hires, reducing ramp-up time by 2 weeks and improving Technician performance by 15%.
- Delivered multilingual support (English, Spanish, Portuguese), handling 50 cases weekly, ensuring SLA compliance, and improving customer satisfaction across diverse user groups.
- Coordinated cross-functional collaboration among 5 teams, streamlining project deliverables and increasing delivery efficiency by 10%.
- Revitalized incident escalation protocols by integrating real-time linguistic support, reducing resolution times and improving user satisfaction.
- Completed professional certifications in Project Management, Customer Experience Management, Programming Python In Action, Data Analysis, AI Prompt Engineering, and Team Leadership, strengthening leadership and project management capabilities.

Bilingual Technical Support Advisor

Blackboard Inc. | Remote

November 2021 to July 2022

- Provided bilingual (English/Spanish) technical support to international clients, resolving login issues, web page errors, networking problems, hardware/software concerns, and LMS (Learning Management System) access issues.
- Guided users through complex software and LMS systems, improving technology adoption and user efficiency by 25%.
- Supported international universities, ensuring seamless IT and LMS operations, contributing to uninterrupted academic services.
- Collaborated with cross-functional teams to escalate and resolve complex technical cases, reducing resolution times by 37%.
- Documented recurring technical trends and escalated critical software issues to development teams, facilitating prompt implementation of effective resolutions and continuous improvement of the LMS platform.

Operations and Project Coordinator

PCF & P | New York, NY

December 2014 to March 2016

- Managed daily office operations and logistics, supporting a 30+ person team and reducing workflow bottlenecks by 20%.
- Led filing and communication coordination efforts, cutting document retrieval time by 35% and improving interdepartmental collaboration.
- Implemented a new project tracking system that increased on-time deliverables by 25% and improved visibility for leadership.
- Oversaw 10+ high-priority administrative projects simultaneously, achieving 100% on-time completion while staying within budget.
- Streamlined reporting processes, reducing project status update preparation time by 40%.

Office Operations and Logistics Coordinator

Department of Education/OPT | New York, NY

July 2012 to December 2014

- Oversaw and executed logistics projects supporting a 5,000+ student Pre-K transportation program, ensuring smooth daily operations.
- Managed office supplies, inventory, and resource allocation, reducing overhead costs by 15% through efficient vendor coordination.
- Trained and supported 50+ school staff members on OPT application best practices, improving compliance accuracy by 30%.
- Coordinated transportation schedules and logistics, achieving 98% on-time service delivery for Pre-K routes.
- Spearheaded office project initiatives, including employee onboarding and operational training for 20+ new hires, reducing ramp-up time by 25%.
- Actively contributed to project planning and execution, aligning 100% of logistics initiatives with departmental goals and compliance standards.

Receiving Associate

The Home Depot | New York, NY

August 2009 to January 2013

- Coordinated 50+ daily customer deliveries and vendor shipments, achieving a 95% on-time delivery rate.
- Led inventory management for 20,000+ SKUs, reducing stock discrepancies by 18% through improved tracking and organization.
- Provided leadership during peak periods, directing a team of 10+ associates to maintain smooth customer service and operational flow.
- Trained and mentored 15+ new employees in inventory procedures and customer service protocols, boosting team efficiency by 25% and improving customer satisfaction scores.
- Supported seasonal sales surges, processing 30% higher shipment volume without delays to operations.

Education

Film and Media (B.A.)

Hunter College - City University of New York | New York, NY
