Professional Experience

Senior HIM Technician | University of Miami Hospital

2024 - Present

- Review, process, and release confidential medical records while ensuring accuracy, completeness, privacy, and compliance.
- Manage high-volume ROI workflows, including requestor records, payer requests, patient records, EHI requests, and quick disclosure requests.
- Examine records for accuracy, proper documentation, correct patient information, and completeness prior to release.
- Maintain strict confidentiality when handling sensitive information in accordance with HIPAA, organizational policy, and regulatory standards.
- Identify documentation gaps, missing information, and discrepancies, then follow up with appropriate departments to resolve issues.
- Support timely record delivery while maintaining quality, accuracy, and compliance standards.
- Contribute to workflow improvements that support efficient records processing and data accuracy.
- Recognized for accuracy, time management, and dependable turnaround in a fast-paced records environment.

HIM Clerk | Jessie Trice Community Health System

2020 - 2023

- Managed patient records and supported daily health information operations while ensuring confidentiality and compliance.
- Processed Release of Information requests accurately and within required timelines.
- Reviewed records for completeness, accuracy, and proper documentation before processing.
- Maintained EHR data integrity by updating, verifying, and organizing patient information.
- Assisted with patient access, registration, insurance verification, and documentation support.
- Verified insurance eligibility, benefits, and authorizations to support accurate billing and reduce claim issues.
- Resolved documentation discrepancies and communicated with internal departments when clarification was needed.

Health Registration Specialist | Mount Sinai Hospital

2015 - 2018

- Maintained accurate electronic records and ensured patient demographic and insurance information was complete and current.
- Verified insurance eligibility and benefits prior to services.
- Reviewed coverage details including copays, deductibles, coinsurance, and authorization requirements.
- Communicated with insurance carriers to confirm benefits and resolve discrepancies.
- Supported patient intake, registration, and front-end documentation workflows.
- Protected confidential patient information while delivering professional customer service.
