- Territorium E-Proficiency Advanced (Mathematics, Writing, Reading/Critical Thinking) – *June 2026 to Present*

ACADEMIC PROJECTS

Capstone Project in Healthcare Management System | Point University

- System & Database Design: Designed the system structure and databases to manage patient records, billing, and scheduling.
- Security & Compliance: Safeguarded patient privacy by implementing HIPAA compliance and data encryption into the system.
- UI/UX Design: Created user-friendly, role-based interfaces tailored for both medical staff and Information Technology teams.

- **Technical Documentation:** Engineered an implementation, maintenance, and security plan to ensure operational workflows.
- **Project Management:** Tracked timelines, resources, and dependencies using GanttProject to build Gantt and PERT charts.

WORK EXPERIENCE

Information Technology | Chick-fil-A | March 2022 to Present

- **Compliance & Security:** Follow necessary standards to protect data and physical security.
- **Critical Thinking:** Collaborate with teams to solve problems under pressure and keep service running smoothly.
